

Beth Hart - Caught Out In The Rain

I'm under your spell
Ain't nobody's business
I'm already there
And it ain't nobody's business

Every time he walks out the door
I wonder if he's ever coming back
But I can't help but love the taste of danger baby
And the howl and the wind and the rough of his hands

I got caught out in the rain
If I die I don't care I'm in love
I'm in love, I'm in love with this man
I got caught out, caught out, caught out
In the rain

I heard him crying in his sleep last night
No man wants to be told that he's been crying
When he wakes up I tell him it's gonna be alright
But I know that he knows that I'm just lying
I heard he shot a man down in the street
And it tore his soul apart
Last night when he was making love to me
There was a, another woman in his heart

I got caught out in the rain
If I die I don't care I'm in love
I'm in love, I'm in love with this man
I got caught out, caught out, caught out
In the rain, in the rain

I got caught out in the rain

If I die I don't care, I don't care
I'm in love, I'm in love
I got caught out, caught out, caught out
In the rain, in the rain

In his name
In his pain

Ain't nobody's business
Ain't nobody, ain't nobody, ain't nobody's business

I won't kiss and tell
Like a spell
