

Tom Waits - I'm Your Late Night Evening Prostitute

Well I got here at eight and I'll be here till two / I'll try my best to entertain you /
And please don't mind me if I get a bit crude / I'm your late night evening
prostitute

So drink your Martinis and stare at the moon / Don't mind me I'll continue to
croon / And don't mind me if I get a bit lewd / I'm your late night evening
prostitute

And dance, have a good time / I'll continue to shine / Yes dance, have a good time
/ Don't mind me if I slip upon a rhyme

Well I got here at eight and I'll be here till two / I'll try my best to entertain you /
And please don't mind me if I get a bit crude / I'm your late night evening
prostitute / I'm your late night evening prostitute
